

Desert Sun Begins 36th Year of Service

Book Closes on Record Setting Growth Period

By JACK KNUDSON
Managing Editor

The Desert Sun opens a new book today — Issue No. 1 of Volume 36 — the start of our 36th year.

Our anniversary came on Sunday, Aug. 5, a day that closed what probably has been the biggest year of growth since the newspaper was founded in 1927.

MARILYN MONROE

Marilyn Death Probed

HOLLYWOOD (UPI) — A "suicide team" of specialists will probe the last days of tempestuous Marilyn Monroe, 36, to determine if the star took her own life with an overdose of drugs, the coroner's office announced today.

The body of the beautiful blonde will be held at county morgue while the consultants study the case "to be certain scientific facts are discovered."

The star's half sister, Mrs. Bernice Mirale, Gainesville, Fla., notified local authorities she planned to come to Hollywood to help with funeral arrangements. She said she would arrive "as soon as possible" but asked that Joe DiMaggio, Miss Monroe's former husband, begin making arrangements.

No suicide note was found and there was nothing to indicate the death was due to suicide, police said.

The figure on which she rose to stardom was found stretched across the bed of her modest Brentwood home, her lifeless hand grasping a telephone.

Broke Into Home

Her body was discovered by her psychiatrist, Dr. Ralph Greenson, who used a fireplace poker to smash through the bedroom window shortly after 3 a.m. Sunday morning.

At 16 she escaped the drudgery of foster home life by marrying aircraft worker James Dougherty, now a Los Angeles policeman. Their stormy union lasted only four years before Marilyn sought a divorce.

Dark haired and unsure of herself, Marilyn moved into the Studio Club, an organization for hopeful actresses. She changed her name, and through the efforts of agent Johnny Hyde landed bit parts in second rate movies.

Admitted Calendar Pose

She played a supporting role in "Asphalt Jungle" and shortly thereafter burst to fame by admitting she had posed in the nude for a widely-distributed calendar.

20th Century-Fox Studios signed her to a long-term contract and Marilyn Monroe was launched as a super-star.

She starred in six pictures in 1952, including "Niagara," and "Gentlemen Prefer Blondes." In 1953 it was "How to Succeed in Business Without Really Doing It" and "River of No Return." By now her fan mail was pouring in at 5,000 letters a week.

As her popularity grew Marilyn's personal despair increased. In 1954 she married former New York Yankee star Joe DiMaggio for nine months. In ask-

(See Death, Page 2)

Advances during the year included opening of plant and office facilities that more than doubled production and service space, installation of new presses that more than tripled production capacity, addition of new type faces, composing machines and a great gain in circulation.

Gains Pace Growth

These were gains that paced the growth of Palm Springs and the desert area, where the multiples of millions of dollars in new construction already underway brought a new peak in building values.

The newspaper's increases were made to provide growing space to meet the needs to come from the expansion of the resort area — for which a doubling in tourist visitors to one million a year has been predicted with completion of the Mt. San Jacinto Aerial Tramway next spring.

Circulation Tells Story

Plans for the newspaper's 35th year expansion were started in the fall of 1960 when Publisher Carl W. Schooss, a career newspaper executive, joined Desert Sun Publishing Company's President George E. Cameron Jr. in management of the enterprise.

Circulation gains tell the story from that point. By March, 1961, the newspaper reached a new high — 9,500 net paid.

In April of this year another peak was reached, combined home delivery and newsstand sales totaling 11,236, a gain of 18 per cent.

Today the newspaper has a mail subscription list that is unquestionably outstanding among publications of similar size, 981 daily copies are sent throughout the United States and to a number of foreign countries.

The confidence management has in continued spectacular growth is graphically portrayed in the new plant and offices that were opened at 611 South Palm Canyon Drive in Palm Springs last February.

Office and plant space are adequate for double the paper's present editorial and business staff. The new press is rated for 30,000 impressions an hour — printed and folded 48-page papers.

Superintendent Of Spa Schools Actually Is Not

The Palm Springs Unified School District continues normal back-to-school preparations today, but without an official superintendent.

Dr. Leonard Grindstaff, Riverside county superintendent of schools, explained to The Desert Sun today that Dr. Austin Sellery, former high school principal, cannot legally be superintendent of the Palm Springs district for at least a month.

"Dr. Sellery doesn't have the general administrative credential required by law," Dr. Grindstaff said.

Dr. Sellery, who gained a doctorate in education from UCLA in 1960, needs two elementary education courses, Dr. Grindstaff said. Dr. Sellery is taking the courses at the University of Southern California.

The 38-year-old superintendent-elect can continue as assistant superintendent — the post he was named to by the Palm Springs school board in late June — or he could be retained as a paid consultant, Dr. Grindstaff said.

PENNY NELSON

Celebrates Victory Over Polio

Penny Nelson, out of a cast and rid of her crutches after 10 years of a courageous battle against spinal and bulbar polio, said she enjoyed the happiest day of her life Sunday.

The lovely young lady, who lives with her mother and brother on Date Palm Drive in the Palm Springs area was treated to a special dinner party celebrating her 13th birthday and an amazing vic-

tory over polio. Following the dinner at the Riviera, Penny was taken to a room in the lavish hotel and opened the door to find many beautiful gifts and a wardrobe befitting a queen. For the first time in her life, Penny could wear and enjoy regular clothes. She was thrilled beyond expression.

Visiting Penny in her deluxe accommodations one found a through-

ly delighted teenager. She had won her long battle with a dread disease, which she contacted in 1952, through courage, determination and effort, according to her happy and proud mother. Penny had been in a complete body cast and not given much chance for recuperation. This fall Penny will enter public schools for the first time having been tutored all during her illness. Her mother said that despite

the handicap the girl has maintained a "B" average. The persevering youngster hopes someday to become a lawyer.

Irwin Schumann, owner of the Riviera Hotel, was one of the many friends, guests and employees at the hotel to give Penny gifts. He also extended her the privilege of using the hotel swimming pool for important exercises and therapy prescribed by her doctor.

Boys Admit Spa School Vandalism

\$1500 Damage In 2nd Attack On Property

Two Palm Springs area teenage boys today admitted Sunday vandalism in Agua Caliente school in the Dream Homes area east of Palm Springs, an Indio sheriff's investigator announced.

The malicious mischief, which included using a piano as a battering ram on at least two doors in the building, caused damages which may total approximately \$1,500, Jack Miles assistant Palm Springs district superintendent, reported today.

Delayed Discovery

The two youths admitted the Sunday vandalism, and a previous attack on the property which may involve a burglary charge, a deputy sheriff reported. The possible burglary involved school materials taken from the building and hidden in a manhole, the officer said. He explained that school officials, still inventorying the week-old previous episode, had not discovered the hidden loss until the boys admitted the incident.

The Sunday attack on the school property, discovered when district custodian foreman Leveret Prosky noticed an additional light blazing in the building at 10:30 p.m., left extensive damage in at least three rooms, Miles said.

Piano Ram

The youths ripped all the striking hammers from an upright piano, and used the heavy instrument as a ram to crash through doors between the multipurpose room and the principal's office and nurse's station.

The school kitchen door was battered open, and extensive damage was done in the teachers' lounge, where the juveniles smeared finger-paints on the wall, and walked with paint-smeared shoes across furniture. In the nurse's office, a mattress was slashed, and supplies were strewn on the floor, Miles reported.

Painting Destroyed

A \$300 painting, donated to the school by the late C. L. Yearsley, was destroyed when the juveniles lathered the picture with paint and ink. Other possible losses were confidential files, plus keys to the filing system, Miles said.

SLASHED mattress and strewn materials are part of an estimated \$1,500 damage done to Agua Caliente school late Sunday by two teenage Palm Springs area boys, Indio sheriff's investigators reported today.

Jack Miles, assistant school district superintendent, surveys some of the damage in the nurse's office. Youths used a piano as battering ram. (Desert Sun Photo)

Israeli Is Willing to Take Soblen

LONDON (UPI) — The Israeli Embassy said today that Israel is willing to take back Soviet spy Dr. Robert A. Soblen, 61, temporarily until he finds a country which will accept him. Communist Czechoslovakia is reported to have offered him haven.

The British government has ordered Israel's El Al Airlines to continue flying the psychiatrist on to New York. The Israeli cabinet told the airline Sunday not to obey the order.

"We are prepared to take him back to Israel and relieve the British government of the problem," said an Israeli Embassy spokesman. "But once back in Israel he would have to look for a country to go to."

A Home Office spokesman, commenting on the Israeli's statements said Britain had ordered El Al to put Soblen on an America-bound plane and the airline had to comply.

"That is the direction," the spokesman said, "and they are bound by the law of the land to carry it out. They have been given until Wednesday to do it, and we expect them to do it."

News In Brief

KINGSTON, Jamaica (UPI) — Jamaica, once a center of piracy and slavery, became an independent nation today after three centuries of British rule.

The Caribbean island gained its sovereignty officially at midnight acquiring dominion status within the British Commonwealth.

RIVERSIDE (UPI) — A 36-year-old Riverside housewife was to be arraigned today for allegedly running over her husband after a violent quarrel.

Mrs. Dorothy Asbell was booked on suspicion of murder Sunday night by sheriff's deputies who at first thought George Sterling Asbell, 30, a used-car salesman, had been a hit-run victim.

SAN QUENTIN (UPI) — A new appeal to the U.S. Supreme Court was expected to be made today by attorneys for condemned murderer Elizabeth Ann Duncan, who is scheduled to die Wednesday in San Quentin's gas chamber.

Attorney S. Ward Sullivan said the documents for the new plea "should be ready" today. Then we'll have to locate a Justice of the Supreme Court and ask him

for a stay of execution while our petition for Certiorari review by the full court is being considered," he said.

CHICAGO (UPI) — Attorneys for the nation's railroads said today five union's should turn to the White House and not the federal courts in their battle against sweeping "antifeatherbedding" work rules changes.

The railroad lawyers argued against a plea by the five on-train brotherhoods, representing 200,000 rail workers, for a court injunction against putting the work rules changes into effect.

PENNY NELSON celebrated her 13th birthday yesterday amidst a roomful of gifts. The courageous young girl has won a 10-year battle against polio. Now that she's finally able to wear regular clothes, Penny is also looking forward to entering public schools for the first time this fall. When she first contacted the dread disease at the age of three, doctors gave her little chance for recovery. (Desert Sun Photo)

WEATHER

Desert Area Forecast:
Mostly sunny today and Tuesday. Slightly warmer today with high near 110.
Sunday's high in Palm Springs was 107, with a low of 67.

World Shudders as Reds Resume Nuclear Testing

Big Blast Kept Secret From Russian People

MOSCOW (UPI) — The Soviet Union resumed nuclear testing Sunday with a tremendous high-altitude explosion near the Arctic island of Novaya Zemlya but the Russian people were not told about it through their newspapers and radios.

The seismological institute at Uppsala, Sweden, estimated the force in the range of 40 megatons—equivalent of 40 million tons of TNT—making it probably the second most powerful explosion ever set off.

But today Soviet news outlets concentrated on the first anniversary of the 17-orbit flight of Soviet cosmonaut Gherman Titov and sang the praises of Russia's exploration into space for "exclusively peaceful purposes."

At the same time the Soviet Communist party newspaper Pravda denounced "enemies of peace . . . trying to turn outer space into outer space by American atom."

"Is it not true that this is proved by the explosions staged in outer space by American atom mongers?" Pravda asked.

The only explosion to exceed Sunday's test in force was Russia's giant blast last fall which was estimated at over 50 megatons. That blast occurred during the Soviet series that broke the three-year East-West moratorium on testing.

As with previous tests, Kremlin leaders made no announcement of Sunday's resumption of testing.

Russians in the streets first learned of the blast from Western correspondents.

The U. S. Atomic Energy Commission in Washington reported the explosion but gave no details. The start of the new Soviet series, forecast by Kremlin leaders for several weeks, came as delegates to the 17-nation disarmament conference in Geneva settled down for further negotiations on a test ban treaty.

Premier Nikita S. Khrushchev and other Soviet leaders have contended that Russia was forced into new tests because of the American tests in the Pacific started last April.

Zorin Sees 'Great Hope' On Test Ban

GENEVA (UPI) — Soviet Deputy Foreign Minister Valerian Zorin said today that an American shift in position on the number of on-site inspections necessary to police a nuclear test ban treaty "gives us great hope" for a solution.

Zorin's comments came after the United States told the 17-nation Disarmament Conference that Russia's resumption of nuclear tests "underlines the urgency" for reaching quick agreement on a test ban.

The Soviet delegate virtually rejected the new American position even before it was formally presented to the conference.

He said U. S. Ambassador Arthur H. Dean had spelled out the new American thinking to him "in a preliminary fashion" Sunday.

"We will, of course, give the new American position a thorough examination," Zorin said. "But we have no great hopes, for the United States is continuing to adhere to old principles which are not acceptable."

Dean sketched the broad outlines of the American change in position—formulated last week in Washington by President Kennedy and his advisers—during a 90-minute meeting Sunday. They scheduled another meeting today.

Russia is opposed to any on-site inspections in a test ban treaty. When the conference resumed this morning, Dean told the delegates that the new Soviet series started Sunday was further evidence that tests in all environments should be prohibited as soon as possible.

Telephone Call Saves Papers And Burglaries

Subscribers to The Desert Sun have available an easy means of removing the welcome sign to burglars from their home and retaining the readability of their newspapers. They need only telephone the Desert Sun.

Subscribers leaving for summer vacation may call the newspaper's circulation department for help, and each copy of the daily report on the desert will be held for them until they return.

Subscribers who would rather receive their newspapers at their summer address may inform the circulation department, and The Daily Sun will arrive there as regularly as the mail.

Either of the two arrangements for handling of summer delivery will prevent yards littered with old newspapers — clear advertisements that residents are not at home and the premises are good hunting grounds for burglars.

New York Stocks at Closing

Difficulties on a United Press transcontinental transmission line delayed today's final report on activity in the New York Stock Exchange. However, the closing prices came through, apparently on a separate line.

Cathedral City Man to Return

CATHEDRAL CITY — Private First Class Ronald L. Brown of 69980 Papaya Lane will soon return to his home town. The reserve unit with which he has been serving since October, 1961, is being deactivated, it was announced. His group, the 357th Transportation Company, was one of the reservist groups called in to action during the October build-up in the Army.

Death of Movie Star Under Study

(Continued from Page 1)

ing for a divorce she said they "had nothing to talk about." Early in 1955 she formed her own motion picture company in hopes of furthering her career. When that venture proved unproductive she accepted a role in "Bus Stop" and later a co-starring role with Laurence Oliver in "The Prince and the Showgirl." Both pictures were panned by the critics.

Convinced her career was foundering, the actress married playwright Arthur Miller June 29, 1956, and spent almost two years living quietly with her husband in Connecticut and New York.

She also studied at the Actors Studio to improve her performance.

Then in 1958 she returned triumphantly to Hollywood to star in her greatest success, "Some Like It Hot."

Made Two Flops

It was followed in 1960 by two disastrous flops, "Let's Make Love" and "The Misfits." Shortly after "The Misfits," her last film was completed she flew to Mexico to divorce Miller and returned to New York City alone.

There she continued her acting studies and underwent an operation for removal of her gall bladder.

At odds with 20th Century-Fox over projected movies, the actress finally agreed late last year to star in "Something's Got to Give" with Dean Martin.

However, her inability to report for work caused a \$2 million delay in production which resulted in her dismissal from the film and a \$500,000 lawsuit brought by the studio. Martin then refused to continue in his role with Lee Remick as his co-star.

In addition to her mother Miss Monroe is survived by a half-sister, Mrs. Bernice Miracle of Gainesville, Fla. A guardian for the 59-year-old mother said she had not been told of her daughter's death.

An empty bottle which had contained as many as 50 Nembutal capsules was found in the room where the actress' body lay on the bed, unclothed but covered by a champagne colored blanket.

She was pronounced dead at 3:50 a.m. By Dr. Hyman Engleberg.

Los Angeles County Coroner Theodore Curphey said an autopsy disclosed Miss Monroe died from an overdose of drugs, but he refused to comment whether death was suicide or accidental.

The shocking suddenness of her death ended Marilyn's 10-year reign as Hollywood's sex goddess and wrote finish to an unparalleled story of her rise from grubby waif to the movie heights.

School Plan

FARMVILLE, Va. (UPI) — The chairman of the Prince Edward County School Board said Friday the board will submit before Sept. 7 a school desegregation plan ordered by federal court. U.S. District Judge Oren R. Lewis ruled last week the county's schools must be reopened. The county abandoned public education in 1959 to avoid court-ordered desegregation.

Negro Leaders in Vow to Increase Registrations

ALBANY, Ga. (UPI) — Negro leaders vowed Sunday night to step up a voter registration drive designed to erase segregation barriers in this south Georgia city. Wyatt Walker of Atlanta and Dr. W. E. Anderson, president of the Negro Albany Movement, appealed to a crowd of more than 100 Negroes to help register Negro voters. "If you want to, you can elect Dr. Anderson mayor of Albany," said Walker, executive director of the Southern Christian Leadership Conference headed by Dr. Martin Luther King Jr.

Blowout Kills 1, Injures 5 More

THOUSAND PALMS — A 47-year-old Cucamonga man was killed and five passengers in his car were injured at 7:40 p.m. Saturday after a rear-tire blowout careened the car off the road 3.1 miles west of Ramon Road, the California Highway Patrol reported.

Dead is Alfredo L. Figaro, driver of the car which skidded into the gravelled divider of the dual highway. The vehicle rolled several times, tossing Figaro and his five passengers out of the car.

In Desert Hospital today, reported in satisfactory condition, are Filemon Gonzales Ramirez, 41, of Cucamonga, and Jose Barragan, 50, of Irwindale. Ramirez received scalp and facial lacerations, and Barragan received scalp and facial lacerations, plus possible chest injuries, a hospital spokesman reported.

Released from Desert Hospital Sunday were Simon Perez Montalvo, 42; Anselmo Nunez Quintana, 38; and Santos Jaramilla Arandas, 28, all of Cucamonga.

Was Wrong; Highway Not Divided One

RANCHO MIRAGE — People in three cars escaped with minor injuries and frayed nerves Saturday when a Bellflower driver misjudged the lanes on Highway 111 here, the California Highway Patrol reported.

Leo Landers Mead, 37, of Bellflower, drove his car head-on toward the car of Edward Haberl, 59, of Reseda, when Mead looked at a curve in the highway near Cabrillo Road and decided he was on a divided highway, CHP investigators said. Haberl swerved to miss Mead, but sideswiped the vehicle lightly getting past the eastbound car.

Third vehicle in the mishap was driven by Ruben Cornel Barajas, 28, of 33-791 Rancho Vista Drive, Palm Springs. Barajas was driving eastbound in the proper lane, behind the Mead car. Haberl's vehicle struck Barajas' car, after the sideswipe during the evasive action, CHP officers said.

Tony Barajas, 5, received minor injuries that didn't require treatment, officers said.

Reuther in Aerospace Mediation

LOS ANGELES (UPI) — Labor leader Walter Reuther met with President Kennedy's three-man committee today in the first of a series of mediation conferences to avert a pending aerospace industry strike.

Reuther, president of the United Auto Workers Union, of which the United Aerospace Workers is a division, flew here from Washington for the talks.

Dr. George W. Taylor, chairman of the committee, said the first meeting was scheduled with representatives of North American Aviation and the UAW to consider the "hard core" issues—economic and union security demands.

The deadlocked negotiations involved the UAW and International Association of Machinists and five major firms in the aircraft-missile industry.

A strike could cripple aerospace plants and facilities at military bases throughout the nation.

How to Improve Your Luck — Develop your bump of curiosity. Acquire a little streak of recklessness. Sharpen your imagination. Be willing and able to change your mind.

Optimistic Cake Sale Nets \$17 For Boys Camp

PALM DESERT — The Palm Desert Junior Optimists stirred up \$17 for underprivileged boys Saturday.

The young Optimists, led by Scott Hansen, earned the money in a bake sale in front of the post office here Saturday, through the early afternoon. Most optimistic feature of the sale, a spokesman reported, was that the boys had talked their mothers into baking the pies, cakes, and cookies for the charity event.

The Junior Optimists have donated \$25 to a summer camp fund organized by a metropolitan Los Angeles paper.

JFK Back at Busy Desk After Cape Cod Hiatus

WASHINGTON (UPI) — President Kennedy returned to the White House today from another weekend of relaxation on Cape Cod after bidding his wife and daughter goodbye prior to their departure for a pleasure trip to Italy.

The President's plane arrived at nearby Andrews Air Force Base, following a one-hour flight from Otis Air Force Base, Mass., near the family's summer retreat at Hyannis Port.

He then flew by helicopter to a point near the White House.

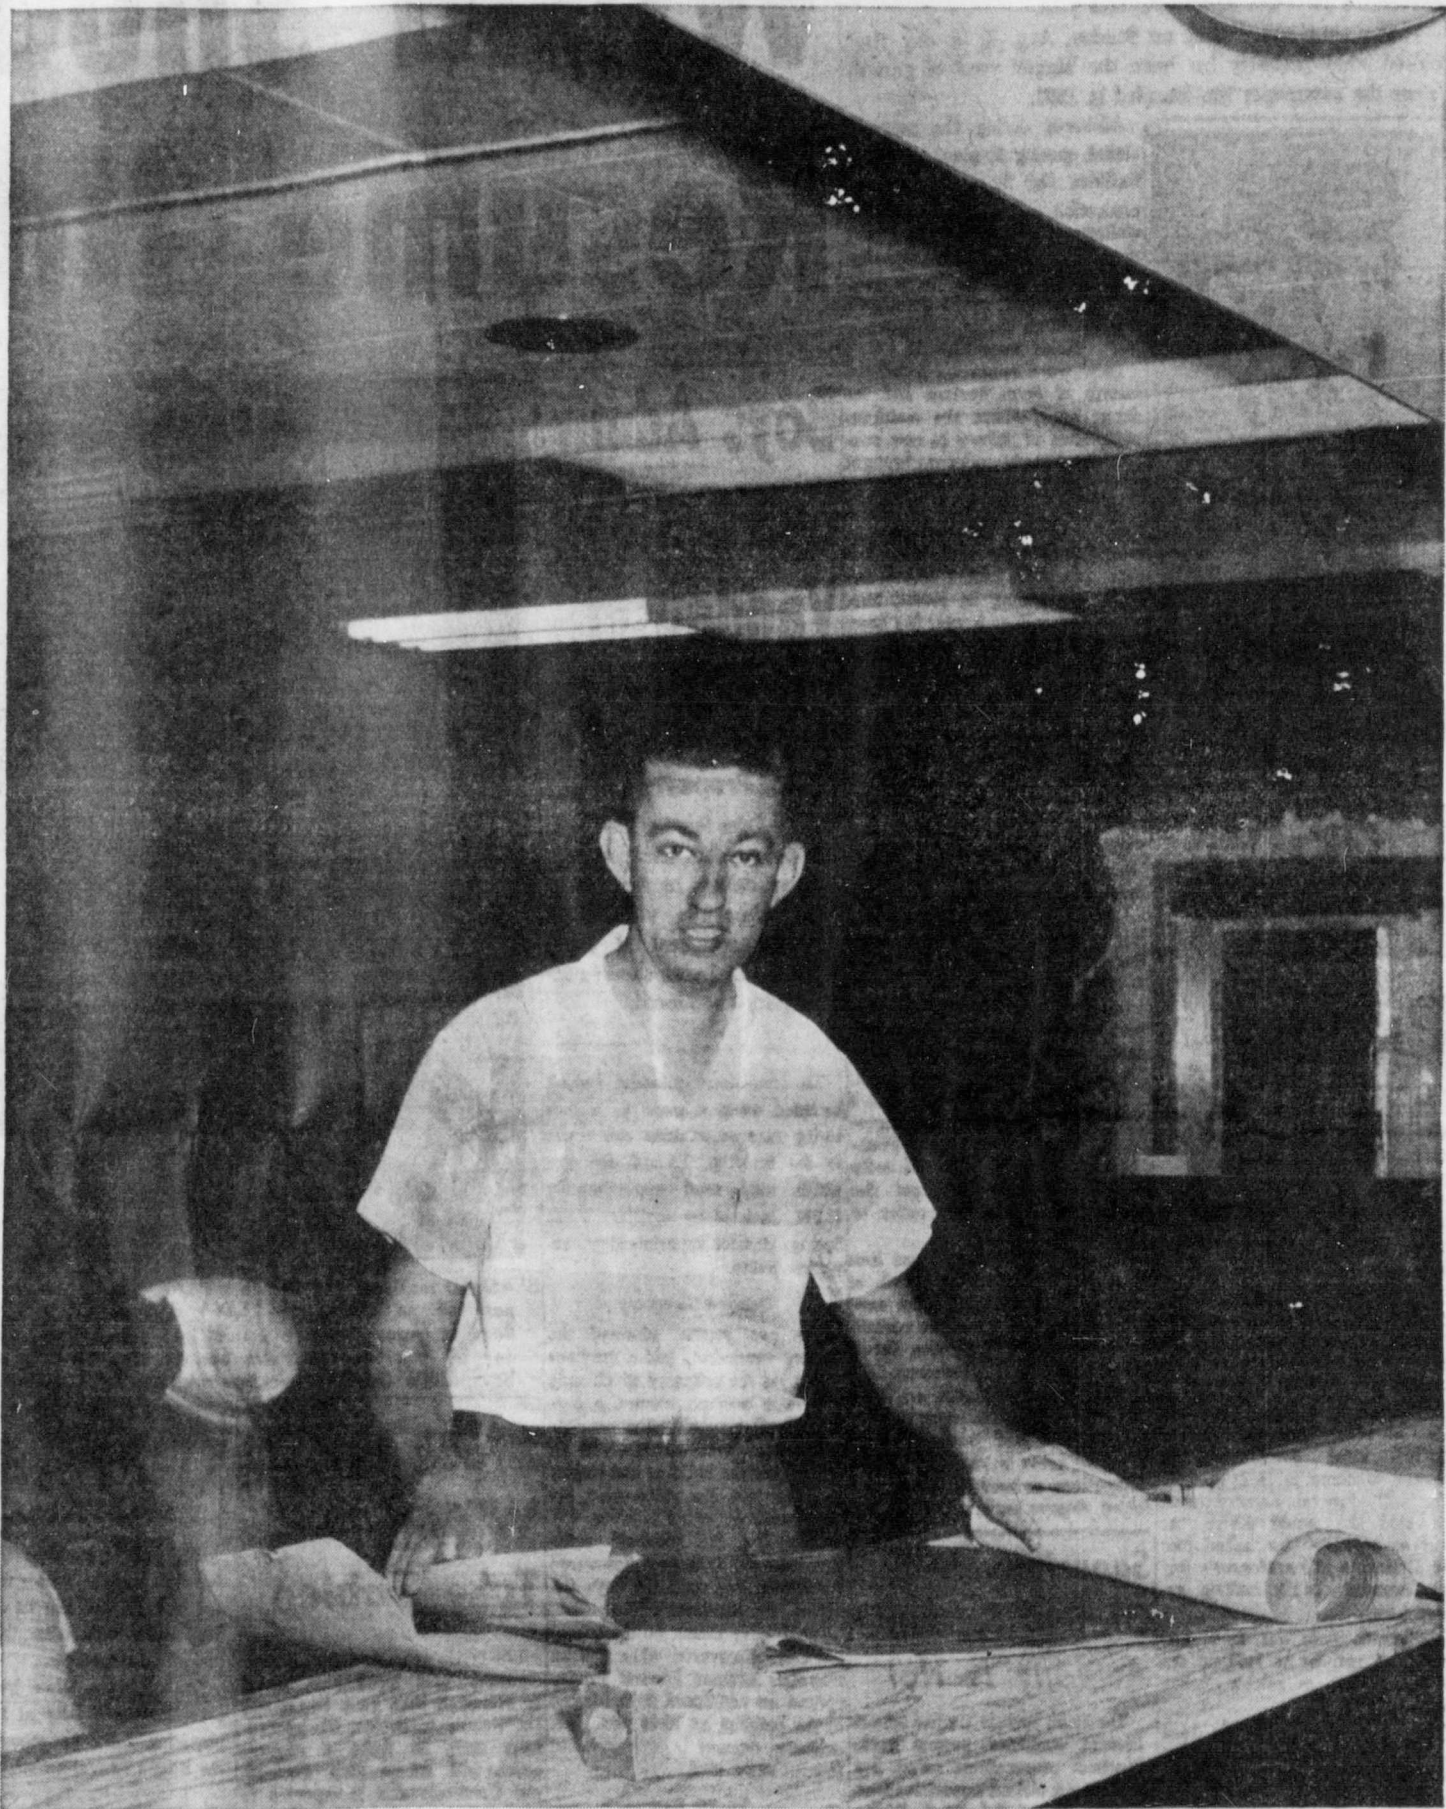

More than 500 persons saw the President off at Otis.

Mrs. Jacqueline Kennedy, who has been vacationing several weeks at Hyannis Port, planned to fly to New York later today.

Daughter Caroline, 4, will join her there Tuesday a few hours before they take off for two weeks on Italy's scenic Amalfi Coast. John F. Kennedy, Jr., 1, will spend the two weeks with his maternal grandmother, Mrs. Hugh D. Auchincloss, at Newport, R.I. In one of his first official acts

of the week, Kennedy was expected to send to the Senate his nominations of two new members of the Atomic Energy Commission.

His selections were James T. Ramey, staff director for the Joint Congressional Atomic Energy Committee, and John G. Paley, a member of the AEC legal staff in 1947-50 and now dean of Columbia College, the men's undergraduate liberal arts school of Columbia University.

Manager Donald E. Goundry looks over final blueprints for Security Bank's new quarters at 707 N. Palm Canyon Dr. Branch moves on Monday, August 13.

"You bet our new Security Bank home will be ready on time!"

The construction debris will soon be cleared away, the windows polished, and the doors swung wide. Monday, August 13, the North Palm Canyon Drive Branch of Security Bank moves from 456 to 707 North Palm Canyon, into new quarters, at the corner of Merito

Place. You'll find the same wonderful Security Bank services in the most attractive, air-conditioned surroundings. Parking? Lots of it. Drop in when you're in the neighborhood. We'd like to show you our new home—a greater bank to serve a great community even better!

P.S...and this fall, we're having an Open House celebration. Watch for our invitation!

Four More Teachers Hired Here

A second football coaching Hertzke brother has been added to the Palm Springs school district staff for the coming year.

Jon Hertzke, 24-year-old brother of high school football line coach George Hertzke, has joined the Nellie N. Coffman Junior High School staff as industrial arts teacher. Hertzke, a native Coloradan with teaching experience in Carlin Nev. and Torrance.

Miss Florence Powell, district librarian at Corona for 14 years, has been named Palm Springs district librarian. A native of Arkansas, Miss Powell studied at Colorado University, Columbia University, and the University of Southern California.

Named to teach physical education and driver education at Palm Springs High School is Walter W. Beyenberg. A native of New Jersey, Beyenberg served as physical education supervisor in Biloxi, Miss., for three years, and has coached varsity sports. He attended the University of Southern Mississippi, Whittier College, and UCLA.

Paul E. Beadling joins his wife, Elizabeth, on the new teaching roster. Beadling, a former Pennsylvania grade teacher, will instruct high school business education and work experience courses.

Bruce N. Mueller, will join the Nellie N. Coffman Junior High School staff as history teacher. A native of Kansas City Mo., Mueller studied at the University of Washington, San Jose State College and NSF Institute College, Alaska. He taught at Salinas Union High School before joining the Palm Springs district.

Sees Better Drug Laws Prospects

WASHINGTON (UPI) — Sen. Philip A. Hart, D-Mich., said today that the Thalidomide tragedy had improved prospects that the Senate would enact stronger drug control laws.

Hart was among several lawmakers who spoke out over the weekend in favor of stiff drug laws following the furor over Thalidomide which has caused the birth of deformed babies.

Assistant Senate Democratic Leader Hubert H. Humphrey, Minn., proposed a five-point program designed to end what he described as "government confusion" and faulty co-ordination in the handling of drug research data.

Sen. Jacob K. Javits, R-N.Y., declared that federal regulations on drugs "very materially need tightening up." He stressed the need for better coordination between the National Institutes of Health and the Food and Drug Administration.

Hart was one of the signers of a minority report when the Senate Judiciary Committee approved a drug measure earlier this year. He criticized the committee's bill as too limited in scope.

"But this bitter, tragic chapter (Thalidomide) will insure that more attention will be paid to the minority views," he said in an interview.

Police in Study Of House Break

The temporarily vacated home of Mrs. J. M. Miller was broken into Sunday by intruders. The entry was reported by Mrs. S. E. Peeler of 2185 Jacques Drive who summoned an officer to accompany her to the residence at 735 Louise Dr.

A screen and one jalousie window had been removed and the window found under a bed. The window is currently being held for fingerprinting at the Palm Springs police station.

Mrs. Miller was contacted and is on her way back to the city.

JUST BACK from a trek in the mountains, Boy Scouts of the Palm Springs Optimist-sponsored troop line up for the camera. From left, they are (first row) Mickey

Karp, Bob Cowen, Kevin Wood (back row) Bob Ashbaugh, Don Janiak, Bryan McMichael, John McMichael and Don Watlet. (Desert Sun Photo)

JFK NEEDS BACKING

Demos Want Better Co-Operation

SEATTLE (UPI) — Democrats from 13 western states met today to discuss ways and means of electing congressional candidates more favorable to President Kennedy's legislative program.

National Chairman John Bailey told the delegates in a formal speech that "The President needs more votes to get his programs enacted by Congress."

But much of the spotlight was stolen Sunday by a Democratic opponent of Kennedy's communications satellite bill, Sen. Wayne Morse of Oregon.

Bikini Flag Hooliganism Upsets Spain

GERONA, Spain (UPI) —Four English tourists who allegedly lowered a Spanish flag and ran up the lower half of a girl's bikini in its place faced expulsion today from Spain.

The four earlier were charged with insulting the Spanish flag and were to face a military court. But a military governorship spokesman said the government decided to drop the charges.

Informed sources said the civil governor probably would write the affair off as ordinary "hooliganism," fine the Englishmen and kick them out of the country.

According to reports, Englishmen Richard Hogger, 24, took the lower half of the bikini from the girl while they were swimming with three other friends, ran along the beach to a flag pole, ran down the Spanish flag flying there and raised the bikini in its place.

Barry Sullivan and Egyptian Marry

LAS VEGAS (UPI) — Actor Barry Sullivan and Egyptian screen beauty Desiree Sumara were married Sunday night.

They announced earlier they would be married Saturday but postponed the wedding only a few hours before the ceremony.

"We had too much to do and not enough time to do it in," Sullivan said. "It resulted in lots of tension."

Abortion Plea Today In Sweden

STOCKHOLM (UPI)—An American mother pleaded today for an emergency abortion today on the grounds she will suffer a "mental breakdown" if she bears a deformed child.

Mrs. Sherri Finkbine of Phoenix, Ariz., asked a Swedish doctor to appeal on her behalf to the state medical board which has the power to terminate a pregnancy if it could lead to mental illness.

The 30-year-old television performer fears her unborn baby has been crippled because she took the tranquilizer Thalidomide in the vulnerable early stages of her pregnancy.

Thousands of malformed babies have been born to mothers in many countries who used the drug before its tragic effect on the human fetus was recognized.

"My wife took 30 tablets and her doctors in America believe there is a 20 to 80 per cent chance that the baby would be deformed," said Mrs. Finkbine's husband, Robert. "It seems incredible that anyone would want to gamble on these odds."

The Finkbines flew here Sunday from Los Angeles after they had failed to obtain an abortion in Arizona and had run into trouble getting a visa for Japan.

Another Chance at GI Insurance Seen Today

WASHINGTON (UPI)—Millions of ex-GI's will have the chance to apply again for National Service Life Insurance (NSLI) under a bill expected to be passed today by the House.

Prospects also appeared good for early approval of the measure by the Senate.

The bill will reopen NSLI for more than 14 million veterans of World War II and Korea. But the Veterans Administration estimated that only about one million actually would apply.

There would be little or no cost to the taxpayers as the result of the program. Each policy would carry a \$5 annual surcharge to cover administrative costs. Premiums would be set at attractive rates reflecting actual mortality experience.

Senate Compromise Ends Filibuster by Democrats

Aluminum Workers On Strike. Space Satellite Bill Opponents Agree on Study. Man Hurt By 'C'.

THIRTY FIVE YEARS of growth and improvement are exemplified in this comparison of the first issue of The Desert Sun, published Aug. 5, 1927, and the issue of Aug. 1, 1962. Changes in the newspaper have paced, or kept slightly ahead, of changes in the desert resort area. Expansion during the last year has been the greatest of any since 1955 when daily publication began. The first issue of the paper consisted of only four pages and less than a thousand were printed. High point during this year was 62 pages and more than 11,000 copies.

Bob Kennedy Center of Dog Issue

By WILLIAM J. EATON

WASHINGTON (UPI) — Has Atty. Gen. Robert F. Kennedy violated a federal regulation by bringing his dog to work with him?

No one has called the nation's chief law enforcement official on it yet. He appears to be in little danger of being convicted and serving the 30-day jail sentence that could be imposed for breaking the rule.

But the question comes up because a sad-eyed Labrador named Brumus has been accompanying Kennedy to his office at the Justice Department lately. Brumus is no ordinary dog. At the age of 14 months he is almost as big as a pony and not nearly as graceful.

Gets Lonely At Home

"He usually stays at home with the children," the attorney general recently explained to visitors. "But the children are away on vacation and he gets very lonely. So I bring him down here and get pretty girls to take him for walks."

Government building regulations issued by the General Service Administration have this to say on the subject: "Dogs and other animals, except for seeing eye dogs, shall not be brought upon (government) property for other than official purposes."

Anyone found guilty faces a maximum penalty of \$50 fine and 30 days in jail.

Brumus, whose shambling gait and mournful appearance invariably bring surprised smiles from Kennedy's callers, is considered well-behaved — most of the time.

Indonesian Foreign Minister Subandrio seemed highly amused at the black dog's antics during a picture-taking session with Kennedy. An aide finally led Brumus out of camera range.

Brumus was the animal star of a film made in Kennedy's office by the U.S. Information Agency during a question-and-answer session with students from Brazil.

Visitors Delighted

The South American visitors seemed delighted when the attorney general solemnly poured his pet a drink of water from a silver pitcher into an ash tray. Kennedy's aides have jokingly suggested that Brumus might qualify as a goodwill envoy, a bodyguard or watchdog to meet the GSA test of being on official duty.

This, at least, seemed to bar any long Justice Department visits by other animals assembled by the seven Kennedy children. This menagerie has included two other dogs, ponies, horses, geese, a burro, a sea lion, Hungarian pigeons, 20 goldfish, rabbits, turtles and a salamander.

Men like their food sweeter than do women, reports Mrs. Rose Marie Pangborn, University of California food technologist.

THOUSAND PALMS

Cloe Vogus Visited in Oregon

By BEATRICE EAVES

THOUSAND PALMS — Mrs. Cloe Vogus has just returned from her months vacation trip after visiting with a friend in Salem, Ore. a week, and spending two weeks in Seattle with relatives.

She left here with Mrs. Judy Bisbee who returned to her summer home in Portland. The two ladies had a delightful trip up the coast to Salem where Mrs. Vogus stopped to visit Mrs. Opel Axtell. From there she went on to Seattle where she was met by her brother-in-law Charles Vogus and his family. They took in the World's Fair during her stay.

Mrs. Vogus' friend, Opal Axtell returned with her via the railroad and will visit here in the desert which she likes very much, and Mrs. Vogus is glad to get back home to get the chill out of her system. She found Oregon and Washington too cold for her comfort.

Son Bill and his family from Oxford spent the week-end with his mother.

We regret losing some old time residents recently. Ray and Mar-

garet Hayes have moved from their home on Calle Jessica and taken a home in Santa Rosa. Margaret's mother, Mrs. Devlin formerly lived in the Thousand Palms home. Hayes was the assistant chief of the Volunteer firemen.

Congratulations to Mr. and Mrs. David Tissaw who have completed their lovely home on Sierra Del Sol, and have moved in.

Mr. and Mrs. Leslie Thomas have taken a cottage in Sunset Beach, near Long Beach.

Elva Woodside, Helen and Dan Claassen were guests of Bessie Groom in Westchester four days last week. Mrs. Claassen is employed at the osteopathic hospital in Riverside and was enjoying a long week-end rest.

Bea Eaves accompanied her sister P. Marie Kendall to Ingleswood on Saturday. While there they were guests to dinner at the home of Mrs. Eaves' nephew and family, Mr. and Mrs. John Kendall of Torrance, and their son Kenny.

On Tuesday, she joined the Claas-

Tariff Cut Worries Industry

By JESSE BOGUE

NEW YORK (UPI)—Two business leaders agree that what U.S. industry faces today in coping with possible future tariff cuts is a need for increased productivity to meet changed operating conditions. They think the task won't be easy.

Writing in the August issue of Production Magazine, Ladd Plumley, president of the Chamber of Commerce of the United States, and Francis J. Trecker, president of the National Machine Tool Builder's Association, were alike in saying that government could play a part in effecting greater productivity of industry in general.

Plumley defines productivity as the value produced by a quantity of productive resources; Trecker says it is a correlation of constant material, economic and social progressions resulting in the betterment of a nation's standard of living.

Trecker, head of an association whose members are in a highly competitive world market struggle, contends that only with government, business and labor functioning as a team can costs be brought down and prices reduced.

In explaining the team process to achieve greater productivity, Trecker wrote that government "should encourage business expansion through enlightened fiscal, tax and regulatory actions. Business should constantly reduce its produce prices by applying continuing advancements in technology. Labor should receive its benefits, not through the rapid pyramiding of ever increasing wage structures, but rather through the constant reduction in costs of all products and services."

Plumley, who has voiced his views before various government bodies, said that perhaps the most important single step government could take to aid increasing productivity would be revision and simplification of the tax code.

BUSINESS APPRENTICESHIP

Boys Vital to The Sun

A vitally important aspect of the success of the Desert Sun rests with a group of successful teenage businessmen.

These youngsters, each an independent merchant have paper routes reaching the heart of a newspaper's readers — the home subscriber.

There are some 75 of the routes and each is managed by a youngster who is learning early the responsibilities which are of inestimable value to him later on in life.

A successfully managed newspaper route requires all the knowledge and application of sound

principles that must be applied to any successful business the boy may later engage in, whether an independent business or employment in association with someone else. Many of today's leaders in business, as well as professional and military fields, proudly boast that his early training in successful management started with a newspaper route.

Besides the nearly four score home delivery routes, another 15 boys have street sales franchises in which they also learn the principles of sound business management. The Sun is proud of its family

of independent young businessmen. It recognizes the importance of the all-important direct link between the newspaper and the customer. It seeks to emphasize that aspect by impressing on the boys other important attributes to success later on besides the responsibility of dollars-and-cents integrity . . . such attributes as courtesy, friendliness and consideration. On its 36th anniversary, the Desert Sun proudly salutes its crew of nearly 100 carrier-boys — a vital part of the newspaper today and potentially the leaders of the community tomorrow.

In a great democracy such as ours the outstanding need of the hour is greater information and greater tolerance. Sincere efforts at enlightenment and education by the press are more important than self-appointed leadership.

—Roy W. Howard

Ohioans Prepare for Return to 'Paradise'

By JEAN HORTON

PALM CITY — Mr. and Mrs. Fred Snellers back in Cleveland, Ohio, to sell their home there, had the "For Sale" sign up only 12 days when it sold.

"Now we are looking forward to returning to Palm City, about Sept. 1, 'Our Paradise,'" she wrote.

Thirty-two attended the regular men's and women's monthly card party in July. In charge were Mrs. Jean Varney, general chairman, and Mrs. Jean Horton, chairman of the month.

Bridge winners were Mrs. Agnes M. McCall, Mrs. Sue Stewart and Frank Jennings. Canasa prizes went to Mrs. Anton Hammer, Mrs. Mae Mazzelette, Mrs. Kay Hill and Mrs. Jo S. O'Connell.

Winners at pinocle were Glen Zimmerman and G. A. Stewart.

Charles Tomlinsons, 77310 Minnesota, are spending the summer in Palm City enjoying their new pool. They will vacation at the beach in September.

Mr. and Mrs. Fred Pratt, 77365 Minnesota St., gave a dinner party honoring Mrs. William H. Riddell and her daughter, Ralynn, of Loring Air Force Base, Limestone, Me.

Mrs. Riddell is the daughter of Mrs. Esther Jarrett of Palm City. Guests at the dinner included Mrs. Sue Stewart, Mrs. Nadine Copelen, John Varneys, Floyd Gillett and son, Bob, and Clifford Adams.

Don and Eleanor Rowlett, Minnesota Avenue, visited a few days with their daughter in Culver City. While there they visited Disneyland. Also they bought a small fishing boat for use on the Salton Sea.

Mr. and Mrs. Robert D. Bartscht stayed a little longer than expected at their home, 42480 Kansas St., because of a sprained ankle.

Mrs. Bartscht received when she fell off her bicycle. They left for Los Angeles on Thursday.

Mr. and Mrs. Marshal D. Patton and Mrs. Moreland, Mrs. Patton's mother, spent a few days at their home on Minnesota Street.

They entertained Clifford Reynolds, an old friend who recently moved his family into their new home on California Drive.

Weekend guests of Mrs. Mildred E. Wilson, 42335 Wisconsin St., were Mrs. Robert Grimes and son, Carleton, and Mrs. LaVene Akins of Los Angeles.

Mr. and Mrs. Fred Pratt, 77365 Minnesota St., visited their daughter and son-in-law, Mr. and Mrs. Elvin Tinkham, in Pomona. While there, they attended the Dodger-Giant baseball game at the Dodger stadium at Chaves Ravine.

Mrs. Betty Richfield entertained with two tables of bridge at her home, 42240 Wisconsin St. Prizes were awarded to Mimi Wilson, Jean Horton, and Betty Richfield. Mrs. Richfield served iced tea made Italian style, brewed in glass jars in the sun. All agreed that it had a distinctly different flavor.

Other guests were Mrs. Claude C. Moon, Mrs. Nadine Copelen, Mrs. Frances L. Fineberg, Mrs. Fred Pratt and Mrs. Steven Rommett.

Ted Jacobs and his wife, Dottie, and their daughters, Diana and Joan, visited his parents, Harry T. Jacobs, 42425 Iowa St., last Saturday.

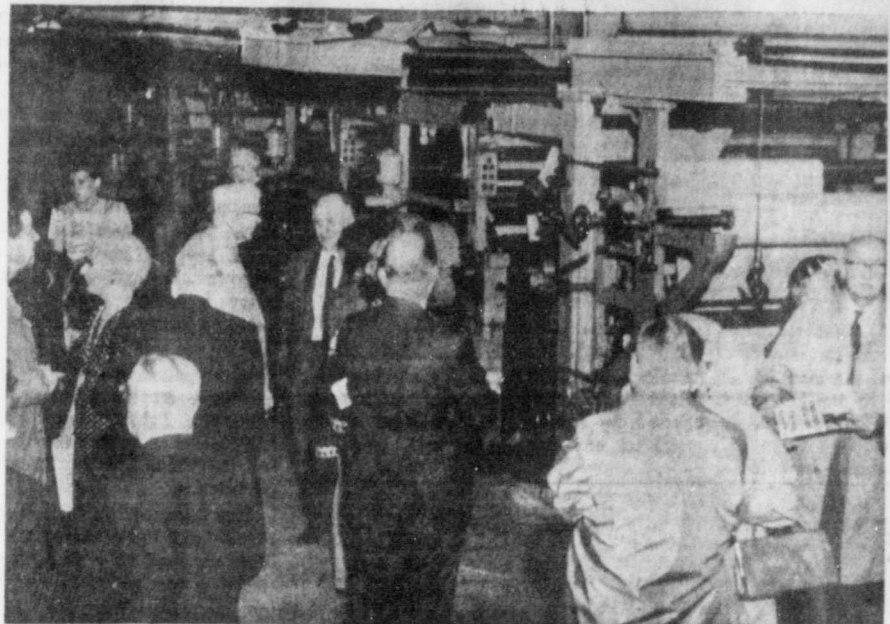

With them were Mr. and Mrs. Louis J. Crisafulli, son, Joseph, and daughter, Ruby, who recently motored here from Newark, N. J. Most of the day was spent at pool side at the recreation center, followed by a family dinner at the Harry Jacobs.

Raymond Garvin of Pasadena visited his parents, the Edwin Garvins on California Avenue, over the weekend. The elder Garvin celebrated his 83rd birthday on July 25. Also there for the birthday celebration were their old friends, Mr. and Mrs. Al Pearson of Joshua Tree, and Mr. and Mrs. McCabe of Banning.

DESIGNED ESPECIALLY for fast, efficient newspaper production is 11,000 square feet of a 15,000 square-foot structure deceptively hidden behind a 40-foot front. The Desert Sun shares with the Cameron Broadcasting Company's radio station KDE. Representing a half-million dollar investment, the new plant was planned for growth anticipated for coming years. Financial experts already have predicted a doubling of tourist visitors, from 500,000 to a million, probably within the next 18 months. During its first years The Desert Sun was printed in Banning.

THE NEW 48-PAGE PRESS, right, in the new Sun Building was a focal point for Southern California newspaper publishers in a preview reception staged as the paper moved into its new quarters at 611 South Palm Canyon Drive last January. The machine, a Duplex Metropolitan Press, has three times the page capacity and twice the speed of the old 16-page tube, lower right, which is shown as the first daily issue of the Desert Sun was printed in 1955. (Desert Sun Photos)

Van Fleet Rushes Sun to Coachella Valley Readers

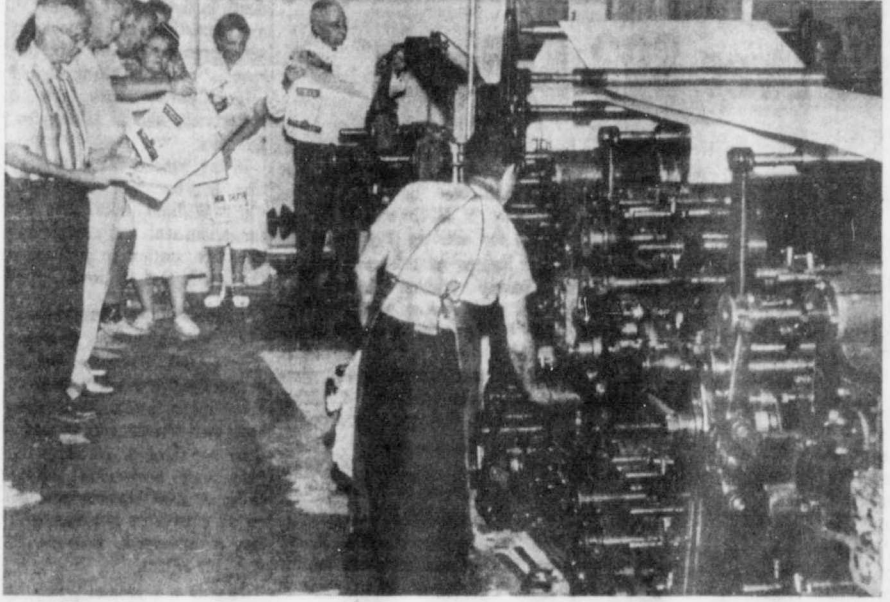

A fleet of handsome delivery trucks quickly speeds each day's moments of printing — almost before the ink is dry.

Ten routes are covered by drivers for the Sun's circulation department. Besides the newspapers for nearly 50 newspaper racks spanning the valley, these drivers drop off the bundles for each of the 75 carrier boy routes along the way.

Another 70 hotel news stands are covered during the season. Routes for the drivers include Desert Hot Spring, Morongo Valley, Yucca Valley, Joshua Tree, Twentynine Palms, Marine Base, Thunderbird, 1000 Palms, Palm Desert, La Quinta, Indio, Clubs route (Eldorado, Tamarisk, etc.), Cabazon and Banning.

The next time you see the swift, white vans with the "Desert Sun" emblazoned upon its side, you'll know it's whisking the latest newspaper to its waiting public.

The largest unincorporated community in the United States reported in the 1960 Census is East Los Angeles, population 104,270.

Governor Election A Tossup

SACRAMENTO (UPI) — Richard M. Nixon and Edmund G. Brown appear to be heading for a photo finish in their race for governor of California.

Recent public opinion polls and predictions by some political writers point to an exceedingly close election on Nov. 6.

The latest sampling of voter opinion (The California Poll) gives Brown a 47 per cent to 44 per cent edge. Last April, a similar sampling showed Brown on top 45-42.

But both men face problems as they prepare to launch their final campaign assault on Labor Day.

Jack S. McDowell, of the San Francisco News Call Bulletin, summed it up this way:

"This is a real horse race. Nixon has and always has had an uphill fight because of the preponderance of registered Democrats. He still has the job of getting the conservative Republicans behind him and at the same time wooing the Democratic vote."

"But on the other side of the coin," McDowell added, "the June Primary results show almost 19 per cent of the Democrats voted against Brown."

James Bassett, of the Los Angeles Times, rates the contest a tossup.

"The polls haven't altered our view that the Autumn runoff will be breathlessly close," Bassett said.

Herbert L. Phillips, of the McClatchy Newspapers joined in the prediction of a close race. But he said he felt the Democratic edge in registration (56.6 per cent to 40.1 per cent) gave Brown an advantage.

A recent United Press International poll of all members of the state Legislature split strictly along party lines.

But when asked to predict the margin of victory in a state with more than 7 million voters, most of the legislators who picked Brown said he would win by 200,000 to 500,000 votes. Those favoring Nixon estimated his margin of victory would be by only 50,000 votes to a high of 250,000.

Nixon has said that in order to win in November he must hold 90 per cent of the registered GOP vote and pick up some 20 per cent of the Democrats.

Greet Musicians

WASHINGTON (UPI) — President Kennedy is expected to greet the musicians and their lovers Monday at the first of a series of youth concerts sponsored by his wife.

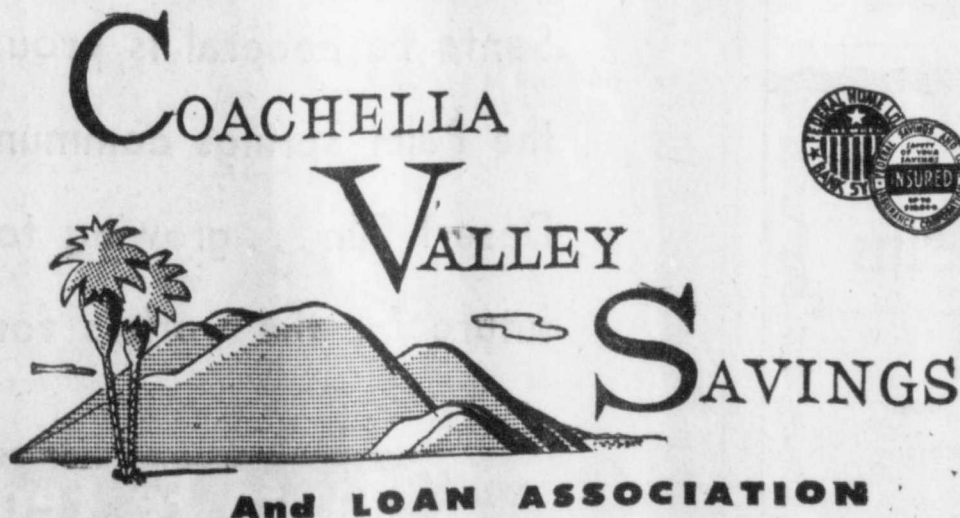

**Our Congratulations to
The Desert Sun**

For 35 years of loyal service to the Coachella Valley Area

THE TRUTH WILL KEEP US FREE

The right and freedoms guaranteed in the basic documents of our great country and secured by men who gave their lives to protect them, would be jeopardized if dictatorial control were imposed upon our search for truth. For not only will the truth make you free, you must be free to know the truth. A nation whose people read and think for themselves is a nation of strength... a bulwark of freedom.

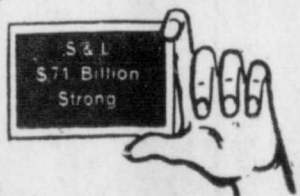

IT IS THE NEWSPAPER THAT KEEPS US INFORMED OF OUR LOCAL PROBLEMS AND PROGRESS.

FIRST AID TRAINING is one of the most intensive of relative training to the job of firemen. Here firemen Capt. Charles Moser, Sherman Hawley, Edwin Parkes, and Mike Bergman are being shown how to

handle a broken leg and the correct way to set a splint. Many hours of training are needed by firemen to give them experience for any emergency.

Palm Springs Firemen Leave for Better Pay

(Editor's Note: Following is the second of a series of articles prepared by the Palm Springs Fire Department presenting its side of the various problems of such organizations in a city the size of Palm Springs. The Sun publishes the articles as a public service for the group. Any conclusions reached should not necessarily be considered those of this newspaper.)

The efficiency of your fire department is spelled out graphically in two categories—the training of its personnel, and the availability of fire-fighting equipment.

The Palm Springs Fire Department has lost seven men in as many months, having them drawn away from this department by other departments who offer better wages, and paid holidays.

In an effort to stem the loss of these experienced men, the local fire fighters have banded together in an organization known as the Palm Springs Firemen's Association.

The association is in a position to evaluate the needs of the department, and, as a working unit judge recommendations that will go before the city council.

No loss of personnel through death in the pursuit of their duties, and boasting an almost perfect safety record on the job, the new association is making a bid for salary parity with the police department and is asking for paid holidays.

In the second place the association is backing wholeheartedly Chief William Leonosio's request for additional equipment and the new fire station to be located on the north end of town.

Work Load Emphasized

Association heads Captain Jim Harris and Fireman Bob Webb emphasized the work load of the department aside from the fact that the department spends more than one-third of its time fighting fires and answering emergency calls, it also successfully carries on an expansive program of training, maintenance, fire prevention, and life-saving.

This is the second year the department has asked the city for parity and paid holidays. Last year, the Association, recognizing that something must be done to halt the resignations of its best trained, most experienced men, went to the council for wage increases.

The tight tax dollar and the need of additional funds in other city areas, influenced the council in granting a \$25 a month clothing allowance. This helped, but didn't solve the problem.

Still, men kept resigning with the majority doing so due to the low pay scale. A total of seven men—20 years experience—have been lost but the department's efficiency has still been effective. City fathers as well as fire department administrators recognize that if experienced men continue to leave the department, the efficiency will drop.

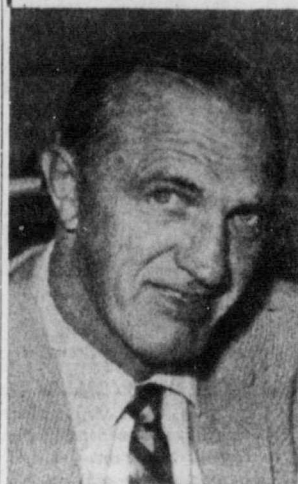

"It must be pointed out, said Chief Leonosio, "that we have lost seven men in as many months, and that it takes about a year to train a man to become effective in his job."

Saves Tax Dollars

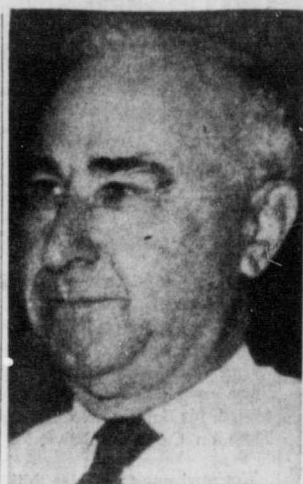

Although it costs money to run a department, an efficient fire department can save thousands of dollars for the taxpayer. By allow-

ing a careful inspection of each business house, a businessman cuts his chances of having a disastrous fire; by checking fire hydrant outlet and studying new construction areas, the department can make recommendations which will greatly lower insurance rates; by taking exacting care of its fire equipment, the fireman reduces, for many years, the replacement cost of the equipment; and by having highly trained men the department stands ready to effectively fight a fire and increase property savings.

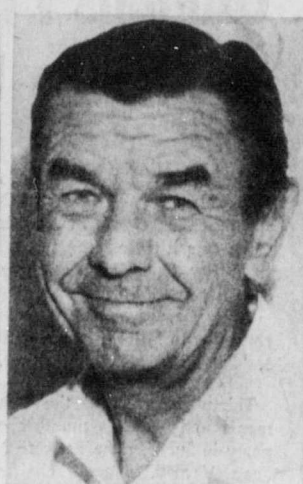

Today, fire protection in Palm Springs costs each taxpayer a small 13.4 per cent of the tax dollar, and in the projection of next year's figures this percentage will be reduced to 12.9 per cent.

FRANCE PAID UP

American Aid to Western Europe Now Totals Over \$93 Billions

EDITOR'S NOTE: France recently repaid the last of its Marshall Plan loans—26 years ahead of the due date. The following dispatch deals with the origins and results of that historic experiment, without which Western Europe might today be part of the Communist empire.

By HENRY KEYS

WASHINGTON (UPI) — Fourteen years ago the United States Congress approved a plan to spend \$12 billion to help a poverty-stricken and starving Europe pull itself out of the ruins of World War II.

Surprising enough was that Congress would authorize such an outlay on the heels of this country's staggering wartime spending.

Even more surprising was the fact that the plan was cleared by the Republican-controlled 80th Congress which was at odds with Democratic President Harry S. Truman over nearly every detail of domestic policy.

Led by the late Sen. Robert A. Taft and then Speaker Joseph W. Martin, the 80th Congress passed the Taft-Hartley labor-management law over Truman's veto and pushed through a major tax reduction program against his wishes. They feuded over spending and a host of other items.

But there was near unanimity among Republican and Democratic leaders over the need for the Marshall Plan, as the aid program quickly became known.

Only A Beginning

Actually, as time has proved, it was only a beginning. U. S. aid spread to country after country — some militantly anti-Communist and some determined only to preserve their cold war neutrality — until it now totals some \$93 billion.

Some was in the form of loans, such as the Marshall Plan credits to France. But most of it was in direct grants.

The Marshall Plan has been praised as an unparalleled experiment in international humanitarianism. It has been damned as a thankless give-away of money better spent at home. But few would deny its influence on the course of world affairs.

The pattern for the vast aid program was set by Gen. George C. Marshall, who was one of the principal architects of Allied victory in World War II as chairman of the combined chiefs of staff and who later served as secretary of state under Truman. The scholarly soldier-statesman spoke for the conscience of a nation, once known for its isolationism, in a speech at Harvard University on June 5, 1947. While declaring that Europeans must help themselves, he said:

"At this critical point in history, we of the United States are deeply conscious of our responsibilities toward the world. We know that in this trying period, between a war that is over and a peace that is not yet secure, the destitute and oppressed of the earth look chiefly to us for sustenance and support until they can again face life with self-confidence and self-reliance."

More than 21 million housing units have been built in the United States since World War II, according to housing authorities at Allied Chemical's Barrett Division.

Seen As Weapon

Some in the United States and abroad saw the Marshall Plan primarily as a weapon against the postwar surge of Communist influence in a broken and embittered Europe. Marshall disavowed any such idea.

Again at Harvard, in measured, even tones, he said:

"Our policy is not directed against any country or doctrine, but against hunger, poverty, desperation and chaos."

Unquestionably because of a combination of both motives—hu-

Organ Tape Wins Award For PS Lad

Winner of a deluxe tape recorder and an opportunity to gain national recognition is Palm Springs' class of 1962 graduate, Roger Richards. The talented musician entered a tape recording of the Bach Prelude and Fugue using the Community Church organ and was awarded regional first place honors.

His rendition will now be entered automatically in the National Music Man Contest with many valuable awards possible.

As a result of the success, a deluxe tape recorder will be presented to Richards' school, Palm Springs High. It has been reported that he is also being honored by request to play before local organizations.

Richards is currently attending a three-week school of liturgical music at Evergreen, Colo. He will return shortly before Sept. 1 to prepare for entrance at Long Beach State College where he has been accepted as an organ major.

Before leaving for Colorado, Richards and his father built a seven-rank pipe organ from scratch and placed the instrument in the St. Theresa Catholic Church on Ramon Rd.

manitarianism and self interest—Congress 10 months later in April, 1948, authorized the spending of \$12 billion in 18 European nations during the ensuing 3½ years.

The Europe of 1948 was largely a Europe without hope. The cream of its young manhood was dead. Its factories were in ruins, agriculture was at a standstill. Millions were unemployed. Hunger was commonplace. Clothing, shelter and fuel were scarce.

Europe desperately needed help, not only to feed itself but also to lift it off its knees.

Drabness Disappears

As food and materials flowed into Europe and drabness of life began to disappear. Men were at work again driving tractors and harvesters over the farmlands, flinging up dams in huge irrigation and hydroelectric schemes, restoring or making new roads, producing suits and socks and shoes and dresses.

Belts, which had been tightened against empty bellies began to loosen, and malnutrition began to disappear along with the near starvation-diet ration books.

The price tag of the Marshall Plan was vast indeed — \$13.3 billion in all. Of this, \$12 billion was in the form of grants. The other \$1.3 was in repayable loans.

The Marshall Plan, of course, was only the beginning of this country's vast venture in foreign aid. All told, it has distributed more than \$93 billion overseas since World War II — \$64 billion in economic loans and grants and \$29 billion in military assistance.

Was it all worth it? There is some disagreement on that. But one writer has likened the dollars distributed under the Marshall Plan to seeds, the harvest from which is being reaped today.

And at least one result is the fact that Western Europe now is helping less fortunate nations in other areas of the world move toward the economic strength and self dignity it has attained with the help of U. S. aid dollars.

For George Catlett Marshall, if he were still alive, it would be a complete revolution of the wheel.

Congratulations to

Mrs. Carrier Enjoys Guests

By LEE CHRISTOPHER

"Company" for Mrs. Stuart Carrier doesn't mean a little dinner for eight—it means a huge buffet for anywhere from 14 to 100 people.

When she says, "My husband and I enjoy entertaining our friends so much," it is an understatement of classic proportions. They enjoy entertaining their friends in DROVES. And guests come to these soirees not for the food, although this must be delicious, but for the outgoing friendliness of these comparative newcomers to the desert.

Their generous-handed entertaining comes from the life they lived in Santa Ana, where Mrs. Carrier was chairman of the art department at the high school, and her husband was director of the adult education program. She also instructed classes in silver-smithing, ceramics, jewelry-making, and painting with enamels on metal—crafts where her husband took up as an absorbing hobby.

So their large house was usually filled with friends, professional associates, students, and fellow hobbyists.

Here in the desert their entertaining is on a more limited scale, although no whit abated. Since 1948, during their summer vacations, they have been occupying their trailer kept at Suntown Trailer Park in Cathedral City. Three years ago they succumbed completely to the lure of the desert, decided to retire, and to make their permanent home at Suntown.

Active Hosts

And although their trailer home is 10 by 50 feet, it is a little cramped for entertaining groups of a hundred or more. So they just have smaller groups more often.

Currently they are occupying the home of Mr. and Mrs. Hal Evans on 2260 Terry Lane. The Evanses are in Bremerton, Wash., visiting Dr. and Mrs. Ray Schutt and some of the other 14 or so families from Bremerton, who live at Suntown Trailer Park during the winter season.

An artist herself, Mrs. Carrier is particularly enjoying being in the Evans home, where the walls are covered with paintings done by the talented Mrs. Evans.

The Carriers are enthusiastic about their life in a desert trailer park, and the conversation with Mrs. Carrier concerning her daily routine opened the door to another story about her which will be written later. For she is a silver-smith of distinction and an organizer of great skill.

But more about that at another time.

Now we are interested in Mrs. Carrier as a hostess with a flair for preparing mouth-watering menus when she entertains.

Ideal Recipe

Whether the group is large or small, Mrs. Carrier has found Beef Stroganoff to be ideal for serving either at a sit-down dinner or a buffet. An added bonus is the fact that it can be prepared in the morning, refrigerated, and then—about one-half hour before serving reheated slowly with the wine.

With the stroganoff, she likes a chilled consommé, tiny buttered beans, wild rice, and small soft rolls with herb butter.

"The stroganoff is so rich," she points out, "very little else is needed. For dessert, I serve either a fruit compote with cheeses, or,

sometimes, pineapple sherbet with creme de menthe, for the desert must be light."

In giving her recipe, Mrs. Carrier emphasized the importance of browning the steak in one pan, and the onion and garlic in another. "It does something for the flavor," she believes. Here is her recipe as she has reduced it for serving four to six people:

Beef Stroganoff

2 lbs. round steak cut in 2-inch-long strips, ¼-inch wide.
1 large onion, chopped.

1 clove garlic, chopped.
Bacon fat.

1 4-oz. can mushrooms.
1 cup sour cream.

1 8-oz. can tomato sauce.
1 tbs. Worcestershire Sauce.

1 tsp. salt.
½ tsp. pepper.

Flour for thickening if needed.
½ cup red or white sherry.

In a little of the bacon fat, brown steak slowly. Drain.

In another pan, using rest of bacon fat, brown onion and garlic. Combine.

Add mushrooms, sour cream, tomato sauce, Worcestershire, salt, and pepper. Cook slowly for 1½ hours, or until meat is tender. Add wine just before serving.

Shrimp and Rice Casserole

As she was flipping through the notebook in which she keeps all her cooking secrets, Mrs. Carrier came across another recipe which she says is terrific for large groups, and is always enthusiastically received. Although it is called Shrimp and Rice Casserole, an unusual ingredient—pork sausage—is the flavor secret. The recipe given here will serve 14:

In a small amount of water, simmer together 2 lbs. bulk pork sausage, 3 large onions, chopped, and 3 cups chopped celery. When well blended and the celery beginning to soften, remove as much of the fat as possible, and pour mixture into a large bowl.

Then add 2½ cups uncooked rice, 3 cans cream of mushroom soup, 3 cans cream of chicken soup, 3 cans water, 3 6-oz. cans shrimp, large jar of stuffed green olives, (sliced), salt and pepper to taste, and a dash each of marjoram, thyme, Tabasco, garlic salt, and Worcestershire Sauce. Mix well. Pour into lightly greased casseroles and bake uncovered in a 325 degree oven for 1½ hours.

Also Serve

Serve with the casserole a green salad with either a Caesar or Italian dressing, a relish tray with watermelon pickles, stuffed celery, and carrot curls, and a light dessert.

Mrs. Carrier suggested two desserts—lime sherbet with plain cookies, or a compote made by marinating frozen melon balls in a small amount of gingerale to which bits of candied ginger have been added. Serve VERY cold in tall glasses that have been frosted in the refrigerator.

DIETERS NEED MILK

Milk's high food values make it essential in a reducing diet, according to California nutritionists. It gives more for the calories involved than any other single food. For very low calorie diets, nonfat milk and buttermilk may be used.

Chicken-Liver Paste

1 lb. chicken livers (if not available substitute good beef liver)

3 hard cooked eggs (chopped fine)

3 onions (chopped)

2 tbs. mayonnaise (or sufficient to make mixture of proper consistency)

Salt, pepper, paprika

1 tsp. dried herbs

2 tbs. butter

Saute liver in butter until barely done. Drain. Sauté onions in same butter as liver. Blend all ingredients until they make a fine paste. Season and place in bowl for dipping potato chips or salty rye bread.

Roquefort and Cream Cheese Dip

This improves with age—make it one week before you plan to use it and it will taste even better than when newly made.)

½ lb. Roquefort or Bleu cheese

2-3 oz. pkgs. cream cheese (softened)

2 tbs. butter

1 grated onion

1 tsp. Worcestershire sauce

2 tbs. sherry

Cream

Salt to taste

Combine all ingredients to a smooth paste. Place in a closely covered jar in the refrigerator. When ready to serve, add sufficient cream to make mixture of proper consistency.

Deviled Ham-Dip

2½ oz. can deviled ham

5 oz. jar pimento cheese

½ cup mayonnaise or salad dressing

1 tsp. onion, grated

Let all ingredients stand until at room temperature. Combine them and beat until smooth and well blended. Wonderful for potato chip dipping.

Shocking Pink Lady

1 cup cold creamed cottage cheese

¼ cup shredded cooked beets

¼ tsp. finely chopped onion.

½ tsp. lemon juice

¼ tsp. salt

Dash o' cloves

Combine all ingredients lightly, but thoroughly. Turn out into bowl surrounded by toasted potato chips

Almond-Bacon Cheese Chip Dip

1-3 Cup unblanched almonds

toasted and chopped fine

3 strips lean bacon, broiled brown and crisp

½ cup mayonnaise

¼ lb. aged Cheddar cheese, grated

4 tsp. finely ground green onion

¼ tsp. salt

After nuts have been chopped, drain bacon and crumble. Combine all ingredients, mixing lightly. (Should it be a little stiff, add more mayonnaise.)

Chicken-Liver Paste

1 lb. chicken livers (if not available substitute good beef liver)

3 hard cooked eggs (chopped fine)

3 onions (chopped)

2 tbs. mayonnaise (or sufficient to make mixture of proper consistency)

Salt, pepper, paprika

1 tsp. dried herbs

2 tbs. butter

Saute liver in butter until barely done. Drain. Sauté onions in same butter as liver. Blend all ingredients until they make a fine paste. Season and place in bowl for dipping

'Dunking' Delights For Desert Dinners

In Palm Springs, every season

is the right one for informal entertaining: but to make life easier

for both you and your guests during the summer months, just

place bowls of various dips on your buffet table surrounded by potato

chips and shrimp, and let everyone "dunk" his whole meal.

Remember—the consistency of a dip is most important: it must

be thick enough not to drip off a chip, and it should be chilled before serving.

Here are a few suggestions for non-drip dipping:

Chive-Cheese Dip

Beat smooth

2 pkgs. Cream cheese (6 oz.)

1 ½ tbs. mayonnaise

1 tbs. cream

¼ tsp. salt

1 tsp. grated chives

1 tsp. Worcestershire sauce.

For variety, instead of using a porcelain or glass bowl, put this

mixture in a large hollowed out apple. Surround with toasted potato chips.

Almond-Bacon Cheese Chip Dip

1-3 Cup unblanched almonds

toasted and chopped fine

3 strips lean bacon, broiled brown and crisp

½ cup mayonnaise

¼ lb. aged Cheddar cheese, grated

4 tsp. finely ground green onion

¼ tsp. salt

After nuts have been chopped, drain bacon and crumble. Combine all ingredients, mixing lightly. (Should it be a little stiff, add more mayonnaise.)

Chicken-Liver Paste

1 lb. chicken livers (if not available substitute good beef liver)

3 hard cooked eggs (chopped fine)

3 onions (chopped)

2 tbs. mayonnaise (or sufficient to make mixture of proper consistency)

Salt, pepper, paprika

1 tsp. dried herbs

2 tbs. butter

Sauté liver in butter until barely done. Drain. Sauté onions in same butter as liver. Blend all ingredients until they make a fine paste. Season and place in bowl for dipping

Roquefort and Cream Cheese Dip

This improves with age—make it one week before you plan to use it and it will taste even better than when newly made.)

½ lb. Roquefort or Bleu cheese

2-3 oz. pkgs. cream cheese (softened)

2 tbs. butter

1 grated onion

1 tsp. Worcestershire sauce

2 tbs. sherry

Cream

Salt to taste

Combine all ingredients to a smooth paste. Place in a closely covered jar in the refrigerator. When ready to serve, add sufficient cream to make mixture of proper consistency.

Deviled Ham-Dip

2½ oz. can deviled ham

5 oz. jar pimento cheese

½ cup mayonnaise or salad dressing

1 tsp. onion, grated

Let all ingredients stand until at room temperature. Combine them and beat until smooth and well blended. Wonderful for potato chip dipping.

Shocking Pink Lady

1 cup cold creamed cottage cheese

¼ cup shredded cooked beets

¼ tsp. finely chopped onion.

½ tsp. lemon juice

¼ tsp. salt

Dash o' cloves

Combine all ingredients lightly, but thoroughly. Turn out into bowl surrounded by toasted potato chips

Almond-Bacon Cheese Chip Dip

1-3 Cup unblanched almonds

toasted and chopped fine

3 strips lean bacon, broiled brown and crisp

½ cup mayonnaise

¼ lb. aged Cheddar cheese, grated

4 tsp. finely ground green onion

¼ tsp. salt

After nuts have been chopped, drain bacon and crumble. Combine all ingredients, mixing lightly. (Should it be a little stiff, add more mayonnaise.)

Chicken-Liver Paste

1 lb. chicken livers (if not available substitute good beef liver)

3 hard cooked eggs (chopped fine)

3 onions (chopped)

2 tbs. mayonnaise (or sufficient to make mixture of proper consistency)

Salt, pepper, paprika

1 tsp. dried herbs

2 tbs. butter

Sauté liver in butter until barely done. Drain. Sauté onions in same butter as liver. Blend all ingredients until they make a fine paste. Season and place in bowl for dipping

Grin and Bear It

"It's a request from the telephone people!... They're getting fuzzy reception from their Telstar satellite and could we shoot up an astronaut to give it a good whack!"

TRAFFIC SAFETY CRUSADE is conducted in Santa Monica by Municipal Court Judge W. Blair Gibbons, right. He took 50 accused traffic violators on a first-hand look at their future home if they are cited again. As a group of violators watch from behind bars, the judge shows the black line for testing sobriety cases with Acting Chief Earl Reinhold. (UPI Telephoto)

Horoscope Forecast

By CAROL RIGHTER

Tuesday, Aug. 7, 1962

GENERAL TENDENCIES: Until mid-afternoon, you need to accept the delays and obstacles that occur in a truly philosophical spirit. Be sure that you do use the extra time afforded to perfect your plans. Then the late afternoon and evening are fine for taking a new attitude toward the aims that propel you forward. Be very dynamic.

ARIES (Birthdays from Mar. 21 to Apr. 19) — Take care that monetary affairs handled until 3 P. M. do not hurt some good friend indirectly. Do something nice later for those you love unobtrusively. Seek information you need in P. M.

TAURUS (Birthdays from Apr. 20 to May 20) — Steer clear of arguments with family and look to influential friends for good advice in personal affairs. Be loyal. Let there be an exchange of favors honorably.

GEMINI (Birthdays from May 21 to June 21) — While it may seem difficult to get to work in A. M., later higher-ups give the right advice, help to make things go like clockwork. Be careful in making latent schedules. Efficiency is of prime importance.

MOON CHILDREN (Birthdays from June 22 to July 21) — While financial affairs do not permit your indulging in all personal longings, by making careful plans now, they soon can be yours. Think of off-spring first, if any. Be encouraging.

LEO (Birthdays from July 22 to Aug. 21) — By focusing your attention on practical affairs, you can now have the added security you need. Be really cooperative with others, whether in business or personal matters. Follow through on promises.

VIRGO (Birthdays from Aug. 22 to Sept. 22) — Don't permit private anxieties to deter you from carrying through with plans already made. Be friendly in your dealings, too. Step out with associates in P. M.

LIBRA (Birthdays from Sept. 23 to Oct. 22) — Be sure you get financial affairs handled properly and quickly so that you can be with friends later. Don't be anxious — be practical. Objectivity is the keynote to success.

SCORPIO (Birthdays from Oct. 23 to Nov. 21) — Any forcefulness on your part with others can only lead to frustration. Use diplomacy and a charming smile instead for best results. Enjoy creative amusements in P. M.

SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21) — Take care you do not become so intent on details that you forget about the big issues at hand. Get ideas

from close ties and carry through with them, too. Be practical in own ideas, too.

CAPRICORN (Birthdays from Dec. 22 to Jan. 20) — Follow through with ideas from trusted associates and avoid listening to outsider who is greedy. Safeguard assets. He, or she, does not know your true position.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19) — Make it a point to listen to advice of close ties and in this way they will give you the support you want at this time. Get plans into motion quickly. Make improvements to property. If your child is born today, Don't be discouraged because you note a good deal of stubbornness in the nature, since your gifted progeny is early intent upon doing big things. Rather, make sure that you give the finest education possible and early training in wholesome sports. Don't neglect spiritual education that will help much to bring happiness into this most dynamic chart. There is genius here.

PISCES (Birthdays from Feb. 20 to Mar. 20) — Since planetary forces are with you now, be sure you carry through with important affairs. Don't permit anyone to distract you. Show that you have a mind of your own.

IF YOUR CHILD IS BORN TODAY — Don't be discouraged because you note a good deal of stubbornness in the nature, since your gifted progeny is early intent upon doing big things. Rather, make sure that you give the finest education possible and early training in wholesome sports. Don't neglect spiritual education that will help much to bring happiness into this most dynamic chart. There is genius here.

RESOLUTION OF INTENTION
No. 695
OF THE CITY COUNCIL OF THE CITY OF PALM SPRINGS, CALIFORNIA, DECLARING ITS INTENTION TO ORDER THE CONSTRUCTION OF CERTAIN IMPROVEMENTS IN HERMOSA DRIVE, PORTION OF TAMARISK ROAD AND GRANVIA VALMONTA (ASSESSMENT DISTRICT 38) IN SAID CITY; DECLARING THE DISTRICT TO BE MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT AND DESCRIBING THE DISTRICT TO BE BENEFITED BY SAID WORK AND TO PAY THE COSTS AND EXPENSES OF SAID WORK AND PLACE FOR HEARING OBJECTIONS TO SAID WORK.

The City Council of the City of Palm Springs, pursuant to the provisions of the "Improvement Act of 1911," Division 7 of the Streets and Highways Code of the State of California, does hereby resolve as follows:

SECTION ONE: That the public interest and convenience require, and it is the intention of the City Council of the City of Palm Springs, California, to order the following work to be done, to-wit:

DESCRIPTION OF WORK:
The construction of an 8" V. C. pipe sanitary sewer, with necessary manholes and 4" V. C. pipe house laterals to the property line, grading a roadbed, constructing P. C. concrete curbs, gutters and driveway aprons, and placing asphalt concrete pavement in:

HERMOSA DRIVE between Alejo Road and Tamarisk Road, and portion of TAMARISK ROAD and GRANVIA VALMONTA adjacent to Hermosa Drive.

PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS:
SECTION TWO: That all of the said work shall be constructed upon the grades, along the lines, between the points of the dimensions, at the places and in the manner shown on the plans, profiles and drawings for construction of said improvements in Hermosa Dr., between Alejo Road and Tamarisk Road, and portion of Tamarisk Road and Granvia Valmonta adjacent to Hermosa Drive (known

LEGAL NOTICE

as Assessment District No. 38), being Drawing Nos. 772-1 and 772-2 on file in the office of the City Engineer of said City, and except as otherwise provided on said plans, in further accordance with the specifications hereby approved by the City Council of said City, reference is hereby made for a further, full and more particular description of said work and by reference thereto the same are incorporated herein and made a part hereof.

DESCRIPTION OF ASSESSMENT DISTRICT:
SECTION THREE: That the said contemplated work and improvement, in the opinion of the said City Council, is of more than local or ordinary public benefit and the said City Council hereby makes the expenses of the said work and improvement chargeable upon a district which hereby declares to be the district benefited by said work and improvement and to be assessed to pay the costs and expenses thereof, and which district is described as follows: All that certain territory of the City of Palm Springs, California, exclusive of streets and alleys, included within the exterior boundary line shown upon that certain map or plan for Assessment District No. 38, City of Palm Springs, California, dated July 1962, indicating by the City Clerk of said City, Reference to the map or plan is on file in the office of the City Clerk of said City. Reference is hereby made to said map or plan for a further, full and more particular description of said assessment district, and said map or plan so on file shall govern for all details as to the extent of said assessment district.

DESCRIPTION OF BONDS:
SECTION FOUR: That serial bonds, bearing interest at the rate of six percent (6%) per annum, shall be issued to represent and to pay the Fifty Dollars (\$50.00) or more remaining unpaid for thirty (30) days after the date recording the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the next September following their date. Payments on the principal of said bonds shall be made in equal annual installments of interest thereon shall be made on the first day of January next following their date. The City Treasurer, or his successor, shall be authorized to execute and deliver the bonds and coupons thereon, and to receive the payments thereon, and to deposit the same in the City Treasury.

TIME AND PLACE OF HEARING:
SECTION FIVE: Notice is hereby given that on the 13th day of August, 1962, at 8:00 o'clock p.m. in the chambers of the City Council in the City Hall of said City, any and all persons having any objections to the proposed work or improvement or to the extent of the assessment district, or to the proposed grades may appear and show cause why said work should not be done or carried out in accordance with this Resolution of Intention. Protests must be in writing and must be delivered to the City Clerk prior to the time set for the hearing.

IMPROVEMENT ACT:
SECTION SIX: That all of the work herein proposed shall be done and carried through in pursuance of the act of the legislature of the State of California, designated the "Improvement Act of 1911," Division 7 of the Streets and Highways Code of the State of California, and further that the City Engineer be and is the designated officer to open all bids.

PUBLICATION OF RESOLUTION OF INTENTION:
SECTION SEVEN: That the "Desert Sun," a daily newspaper, printed, published and of general circulation in the City of Palm Springs, California, is hereby designated as the newspaper in which the Resolution of Intention shall be published, and the City Clerk, in the manner and form provided by law and for making all other publications of the proceedings under this Resolution of Intention.

The City Clerk is directed to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized assessment roll for said City, by registered mail, return receipt requested, in the manner and form provided for under Section 5070, 5194 and 5195 of the said "Improvement Act of 1911."

POSTING OF NOTICE OF IMPROVEMENT:
SECTION EIGHT: That the Superintendent of Streets of the City of Palm Springs shall cause to be conspicuously posted along the line of said contemplated work or improvement open street all notices of the district liable to be assessed for said work, notices of the passage of this Resolution of Intention, in the time, form and manner provided by said Code.

I hereby certify that the foregoing is a true copy of Res. No. 695 adopted by the City Council of the City of Palm Springs in a meeting thereof held on the 24th day of July, 1962, by the following vote:

AYES: Councilmen Paisey, Paley, Carlin and Mayor Bogert
NOES: None
ABSENT: Councilmen Strebe, Beebe and Kirk

NOTICE OF FILING ASSESSMENT FOR THE IMPROVEMENTS IN ASSESSMENT DISTRICT NO. 38, AS CONTEMPLATED BY RESO-

LEGAL NOTICE

LUTION OF INTENTION NO. 6241 AND ON THE TIME AND PLACE OF HEARING AS TO SAID WORK AND ASSESSMENT.
Pursuant to statute the "Improvement Act of 1911," being Division 7 of the Streets and Highways Code of the State of California, notice is hereby given that the Superintendent of Streets of the City of Palm Springs, California, has filed said assessment in my office on the 6th day of July, 1962.

hereby fix Monday, August 13, 1962, at the hour of 8:00 o'clock p.m. in the chambers of the City Council in the City Hall of said City, as the time and place where and where all persons interested in the work done or to be done in the assessment will be heard by said City Council. Property owners, the contractor or his assigns, and all other persons interested in said work or assessment, feeling aggrieved by any act or determination of the Superintendent of Streets of the City of Palm Springs, California, who claim that the work has not been performed according to law, or who claim that any portion of the work was not included in the contract for the same, or having or making any objection to the proposed work or assessment, or diagram, or other act, determination or proceedings of the Superintendent of Streets of the City of Palm Springs, California, shall appear at the time and place set for the hearing on the assessment, appeal, or other act, determination or proceedings of the Superintendent of Streets of the City of Palm Springs, California, and shall be heard by the City Council on the 13th day of August, 1962, at 8:00 o'clock p.m. in the chambers of the City Council in the City Hall of said City, any and all persons having any objections to the proposed work or improvement or to the extent of the assessment district, or to the proposed grades may appear and show cause why said work should not be done or carried out in accordance with this Resolution of Intention. Protests must be in writing and must be delivered to the City Clerk prior to the time set for the hearing.

S.F. Giants Defeat Bucs, 6-5

Come-From-Behind
Victory Gave
O'Dell No. 13

SAN FRANCISCO (UPI)—There's nothing wrong with the San Francisco Giants that a few victories won't cure.

The Giants went against seventh-place Philadelphia at Candlestick Park today nursing a tidy little two-game win streak with thoughts of more triumphs to come.

But manager Alvin Dark, who has nominated Billy Pierce (9-3) to hurl for his troops, isn't overconfident.

"The Phillies are tough," he opined as he looked ahead. "But we have been playing good ball the last couple of days."

The Giants, with Billy O'Dell in the starring role, disposed of the pesky Pittsburgh Pirates, 2-1 Sunday, after a come-from-behind 6-5 victory on Saturday.

O'Dell Does Everything

The guess is that the Phils may lead with either Dallas Green or Art Mahaffey, the latter usually poison for the locals.

O'Dell, who usually has to pitch his heart out to win because his teammates fail to get him many runs, was a one-man show Sunday.

He set the Pirates down on five hits; struck out three and then to top off his fine day, he singled across the winning run in the seventh inning.

Billy was hooked up in a mound duel with the Pirates' Bob Friend. The Pittsburgh pitcher was nicked for 12 safeties, but the Giants hit into two double plays and left eight men stranded on base.

San Francisco got a run in the second inning on singles by Felipe Alou and Jim Davenport and Jose Pagan's double-play ball.

Billy Gets 13th

Then in the seventh, Alou opened with a single, went to second on an infield out. With two away, O'Dell lashed a single to right to score Alou. It was O'Dell's second hit of the day.

The blow brought Billy his 13th win of the campaign against 10 losses. Friend, who went the distance for Pittsburgh, suffered his 11th loss against 12 wins.

Desert Sun Softballers Win, 9-8

The Desert Sun softball team, members of the P.S. Desert Softball League, traveled to Banning Saturday evening and downed the Road Camp team, 9-8, in another cliff-hanger for the Sun stickmen.

Hurley Frank Devers was on the mound for the winning nine and his battery mate was Parker. The Sun softballers out hit and out scored the Road Camp team to register a 9-8 exhibition game.

MEXICO CITY — Mexico took a 2-1 lead over the United States in the American Zone Davis Cup semifinals as Rafael Osuna and Antonio Palafox defeated Chuck McKinley and Dennis Ralston in doubles.

THESE REAL 'Kool Kats' were the winners of the Kool Kats league at the Palm Springs Bowl during the summer league action and were presented with team and individual trophies at the conclusion

CASEY'S METS RETURN

Dodgers Split Twin Bill With Chicago, 4-3; 4-2

LOS ANGELES (UPI)—The Los Angeles Dodgers survived their most critical pitching situation since Sandy Koufax was sidelined by splitting a doubleheader with the Chicago Cubs Sunday and settled for only the loss of a half game to the second-place San Francisco Giants.

Manager Walt Alton said 10 days ago that the Sunday doubleheader would be crucial because he would have to start both games with rookies, going with Phil Ortega in the first and Pete Richert in the second.

The Dodgers won the first game on the pitching of Larry Sherry in relief and the timely hitting of Tommy Davis who singled home the winning run in the 14th inning for a 4-3 victory.

Richert lost the second game but few pitchers would have beaten Don Cardwell who gave up only three hits in recording the 4-2 victory. But for Ron Fairly's homer in the seventh he would have had a shutout.

Podres Faces Mets

With the doubleheader now in the past, the Dodgers tonight go back to their top hurlers. Johnny

Podres, who is riding a four-game winning streak after a slow start, will take the mound against the rejuvenated New York Mets. And 20-game winner Don Drysdale is scheduled to start Tuesday. Opposing Podres tonight will be either Craig Anderson or Jay Hook.

Alton arranged his pitching schedule so that Podres, Drysdale and Stan Williams would be the pitchers starting Friday when the Dodgers open their three-game series at San Francisco against the Giants that could decide the National League race.

Thanks to their victory over Pittsburgh Sunday, the Giants are now 4½ games back of the Dodgers. A twin Los Angeles loss would have cut the Dodgers lead another full game.

Howard's Payoff Peg

There were several key plays in the 14-inning opener but the biggest of these was the perfect throw Frank Howard made from right field to catch Ernie Banks at the plate in the sixth inning. Had he scored, the game would have ended with a 4-3 Chicago victory.

Larry Sherry worked seven re-

lief innings, his longest mound stint of the year, and did not give up a run. He now has five relief appearances without yielding a run.

Maury Wills increased his stolen bases to 57 and now has the best National League mark in thefts since Max Carey stole 58 in 1918. Los Angeles 42-15 one out when winning run scored. ORIOLES SWEEP SERIES

Fallen Angels Lose, 7-2

BOSTON (UPI) — The Orioles used their robin Sunday—but it was the Angels who were for the birds.

Baltimore's Robin Roberts pitched a five-hitter as the Orioles swept a three-game series from Los Angeles with a 7-2 victory.

Able to total only 15 hits and 6 runs in the three games at Baltimore Memorial Stadium, the fallen Angels arrived at Boston for this evening's game against the Red Sox.

Rookie Dean Chance (8-5) was named by manager Bill Rigney to pitch for Los Angeles—who was more concerned about his suddenly inept batters. Don Schwall (5-11) will pitch for Boston.

Vancouver (Schroll (8-11) at Hawaii (Johnson (8-4).	
Seattle (Spanswick 3-7) at Tacoma, (Thomas 11-6).	

(Only games scheduled)

Roberts Now 7-4

Chance either will have to be in near-perfect form tonight or the Angels will need to snap out of a slump that has harried them for the past few games. A team isn't going to win many games on a five-hit average — even against the Red Sox.

Roberts, the 35-year-old onetime Philadelphia Phillies ace who was released by the Yankees this year because they considered him finished, stymied Los Angeles on a combination of experience and effectiveness. Lifting his record to 7-4 for the season, Roberts used his newly developed forehand pitch to strike out four batters.

J. Stuart—Valley Eq.		35	14	.400

His control was excellent—only on Angel drew a walk in the nine innings. And Roberts lowered his earned run average 2.48, not bad for a pitcher who at the end of 1961 was cut loose by a club that finished with the worst record in the National League.

Triples Costly

Only Albie Pearson and Billy Moran were able to hit Roberts' pitching. Pearson, the diminutive Angels centerfielder, led off the first inning with a home run to give Los Angeles a 1-0 lead.

Moran got three singles in four at bats and scored the Angels' only run.

Trailing 2-1 in the fifth, Baltimore's Jerry Adair rammed a triple off losing pitcher Eli Grba that drove in two runs and sent the Orioles into the lead 3-2.

Then pinch hitter Dick Williams killed any Los Angeles changes by hitting a bases loaded triple in the eighth. Ron Hansen's double drove in Williams to finish the scoring. The Angels were finished about three innings earlier.

LONG BALL HITTING DUDE!

'Lil Albie Solved Rig's Problem

Editor's Note — During the 1962 Palm Springs Golf Classic, Albie Pearson played in the same foursome with Arnold Palmer the tournament winner during the first four rounds of the event. On one hole at the Eldorado Country Club Albie's tee shot, (and Albie can hit a long ball) outdrove Palmer by about four feet. As the two players approached their ball on the fairway, Arnie walked over to 'Lil Albie and looked down at his ball and back at his ball and remarked, "You long ball hittin' dude!"

He is the smallest man in the Major Leagues—physically! He is the most underrated lead-off man in the American League! He is one of the sparkplugs of the Los Angeles Angels this year in their drive to the top of the American League.

"He" is Albert Gregory Pearson—better known as Albie—the man who "solved" the early-season centerfield problem of the Angels.

'Mighty Mite'

Last year, Albie played centerfield for awhile and then right field for the Angels, but the five-foot, 5½ inch "Mighty Mite" was more at home in right field. He seemed more suited for that spot. However, with George Thomas in the Army (he now has rejoined the Angels)

CHICAGO CUBS thirdbaseman Ron Santo, right, dives for the bag after Dodger John Roseboro (partially hidden in cloud of dust) overslid in an attempt to take third after Daryl Spencer fled out, in the fourth inning

the first game of a doubleheader at Chavez Ravine Sunday. Umpire called Roseboro out. Thirdbase coach (No. 2) is Leo Durocher. (UPI Telephoto)
